The Biotech-Network of Sparkasse Kö

## Success is a question of location

Cologne, located in the heart of Europe, is a city of science, business and culture. With its well-known universities, research institutes and companies it is the heart of one of the most significant life science clusters in Europe. In Cologne companies enjoy an excellent environment for growth and success supported by BioPartners Cologne, the biotech network of Sparkasse KölnBonn. BioPartners Cologne, founded by experienced experts, is one of the key players in the Cologne area life science cluster. It provides life science companies with laboratory and office space at premium locations, venture capital and financing, consultancy services and staff management.

BioPartners Cologne's services are directed at start-up companies as well as established companies looking for a new location for expansion.

## BioCampus Cologne

- One of the leading biotech parks in Europe
- Labs, offices and production facilities
- Shared resources and services

## RTZ Cologne
